

FIRST FEDERAL BANK OF LOUISIANA

CASH MANAGEMENT SERVICES

Give your business more ways to grow and thrive with innovative cash management solutions.

Protect Your Business With POSITIVE PAY*

What is Positive Pay?

Positive Pay is an automated fraud prevention service that helps protect your business from fraud, which is a leading cause of financial loss for companies.

How It Works

- You provide First Federal Bank with a list of approved items.
- As items are presented for payment, we automatically compare them to your approved list.
- If an item doesn't match due to discrepancies or possible alterations, it's flagged as suspicious.
- You are notified to review and decide whether to approve or reject the item.

Why Use Positive Pay?

- **Early Detection:** Catch fraudulent or altered transactions before they clear your account.
- **Added Security:** Strengthens your defenses against increasingly sophisticated fraud schemes.
- **Peace of Mind:** You're in control of what gets paid; nothing slips through unnoticed.

Partner with First Federal Bank

Positive Pay is just one way First Federal Bank works to help protect your business. When implemented correctly, it becomes a powerful layer of security in your cash management process.

OTHER CASH MANAGEMENT SERVICES

ACH Origination*

A cost-effective way to handle a wide variety of payments and deposits, including direct deposit, and vendor payments.
